**KNIGHTS OF PYTHIAS MEET.**  
Thirty-ninth Annual Convention of  
District Grand Lodge.

The first session of the thirty-ninth an-  
nual convention of the Grand Lodge of  
the District of Columbia, Knights of  
Pythias, was held last night at 302 Penn-  
sylvania Avenue northwest.

During the evening the following past  
chancellors were admitted to the Grand  
Lodge: John P. Miller, Webster  
No. 7, George P. Fugel, Mt. Vernon No. 5;  
Frank Q. Quigley, Decatur No. 8; Albert  
Kahlert, Syracuse No. 10; N. N. Jon-  
ner, Calanth No. 11; H. W. Boteler, Her-  
ner No. 12; James F. Beck, Excelsior  
No. 14; George Angerman, Germania No.  
15; T. K. Armstrong, Equal No. 27; Wal-  
ter T. Kichey, Harmony No. 21; George F.  
Haley and J. N. McIntosh, Union No. 22;  
George F. Little, Capital No. 24; Thomas  
A. Bynum, Myrtle No. 25; A. L. Scott,  
Columbia No. 26; N. C. Croux, Columbia  
No. 26; Walter S. Harshman, Superior No.  
27; W. E. Bradley, Amaranth No. 28; L. P.  
Daniel, Justus H. Rathbone No. 29;  
Jesse F. Grant, Century No. 30; and Elmer  
H. Walter, of Salisbury, Md.

This evening the session will be devoted  
to the consideration of the reports sub-  
mitted last night to the election of  
officers for the ensuing year.

**A NOTED ECONOMIST DEAD.**  
William Howard, ex-Representative  
and Author, Passes Away.

Mr. William Howard died at his resi-  
dence, 228 T Street northwest, this morn-  
ing after an illness of several weeks. Mr.  
Howard was a writer of some note, de-  
voting his attention chiefly to economic  
subjects. His latest and best-known  
work was a treatise on "The Solution of  
the Labor Problem," printed by the  
United States Senate.

Mr. Howard was identified with the  
Greenback party during the time the par-  
ty was in existence. He was nominated  
for lieutenant Governor of Pennsylvania  
and later to represent the Eighth Penn-  
sylvania district in Congress. For many  
years he resided at Bethlehem, Pa., and  
for the past ten years has been a resi-  
dent of Washington.

Mr. Howard leaves a widow and three  
sons—Clifford, Russell, and Norman.

**NOT SAVED AS HE HOPED.**  
A Physician's Examination Did Not  
Supercede Court Sentence.

Owen Donnelly was sentenced by Judge  
Scott, in the Police Court today, to serve  
ninety days in the workhouse on a charge  
of vagrancy. As soon as Owen was put  
back into the courthouse cell he began  
moaning and writing and complaining  
that he was sure he was about to shuffle  
off this mortal coil.

Dr. Childs, of the Health Department,  
was summoned. He examined Donnelly and  
remarked, "A good, big, stiff drink of  
whisky would do you good."  
"Saved!" ejaculated Owen.  
But he went to the farm without the  
whisky.

**District Employees Promoted.**  
The District Commissioners today au-  
thorized the following changes in the En-  
gineer Department: That Charles A. Mc-  
Kenney, Inspector in the Water Depart-  
ment, at \$5 per day, will hereafter be  
rated as superintendent of construction,  
at \$6 per day; and that D. W. Holton,  
roadman in the Water Department, at \$2.  
per day, be hereafter rated as roadman at  
\$3 per day.

## PRICE OF EGGS GOES SOARING SKYWARD

The "white wings, sunny side up," of  
the popular restaurant, otherwise fried  
eggs, will soon be a dish that only the  
very wealthy can indulge in, since eggs  
were retelling at 45 cents the dozen, and  
are likely, the dealers say, to reach an  
even 50 cents today or tomorrow. The  
"ham and—" formerly the nourishment  
of the humblest, may shortly take rank  
with caviar and diamondback.

The hen which has so faithfully and  
earnestly helped to furnish the breakfast  
table for so long has suddenly decided to  
take a rest, and how long that rest is to  
be a thing that is worrying a vast num-  
ber of persons—first the farmer, then the  
commission merchant and then the res-  
taurateur and the housekeeper. Eggs  
have not been so scarce and high for  
many years, and the worst of it is the  
end of the rise is not yet. It is like the  
captain's balloon that breaks loose and  
goes off on a journey by itself—you see  
it going up, but nobody knows where it  
will stop or when it is coming down.

**"Union" May Curtail Production.**  
What the hens are saying to each other  
nobody knows. Whether it is a pre-con-  
certed thing and the hens have joined a  
union and decided to limit the output in  
order to make better terms for them-  
selves, or whether it is a jubilee year in  
chickendom and the hens are "laying off"  
to celebrate is something not to be de-  
termined by mere men. Mere human be-  
ings, who are evidently not in the confi-  
dence of the hens, but who must give

Hen fruit commands the al-  
most unprecedented price of

mens.

some reason for the state of affairs, de-  
clare that the cold weather is responsible.  
They say that the sensitive nature of the  
hen is chilled by the frozen glances of  
Mother Nature and that she is too much  
discouraged to fulfill her destiny and per-  
form her mission on earth.

They also say that the few eggs that  
the more conscientious hens manage to  
give to a hungry world have a great diffi-  
culty in reaching the market. The tribu-  
taries of the Chesapeake as far south as  
Virginia, as well as in Maryland, are  
frozen and the running of steamers is al-  
most suspended. In sections which ship  
eggs to town by rail the frozen condition  
of the roads prevents the farmers from  
getting their produce to the stations.

**Highest Price Since Blizzard.**  
Yesterday eggs were quoted at from 36  
to 39 cents a dozen wholesale, and the  
housekeeper became almost tearful when  
forced to pay 45 or 46 cents a dozen. The  
wholesale price has advanced 5 cents  
since last Saturday and the advance  
in the last ten days is from 10 to 11 cents  
a dozen. The price is higher now than  
at any time since the big blizzard of four-  
teen years ago, when eggs sold at 60 cents  
a dozen.

## VETERANS GIVEN A TREAT.

A Theatrical Production for the Sol-  
diers' Home Inmates.

The inmates of the Soldiers' Home were  
given a genuine treat in the way of an  
amateur theatrical performance last night  
by the pupils of Prof. Saltzman and De  
Ford. The seating capacity of the cozy  
little theatre at the Home was taxed to  
its utmost by officers of the institution,  
old soldiers and friends of the performers.

The production, "Iolanthe," which was  
a preliminary performance to the one  
which will take place at the National  
Rifles Hall tonight, went off as smoothly  
as though it had been played by profes-  
sionals, and kept the "old vets" in an  
ecstasy of delight. Costumes, singing,  
and acting were all of a high order and  
much satisfaction was expressed by the  
spectators.

**A SMOKE CONSUMER'S OFFER.**  
District Commissioners Cannot Ac-  
cept a New Yorker's Offer.

Mr. L. S. Simpson, of 32 Broadway, New  
York, has written to the District Com-  
missioners inviting their attention to a  
smoke consumer which he declares will  
do what it claims to do, and he submits  
a proposition to install one on condition  
that if it does not work satisfactorily it  
need not be paid for and that he will re-  
move it at his own expense.

The Health Officer recommends that the  
writer be informed that the Commissioners  
are not in position to arrange for the  
installation of the device on the terms  
mentioned.

**Fined in a Land-Selling Case.**  
Thomas Rupert, who has a grocery  
store on C Street, southwest, was fined  
\$5 by Judge Scott in the Police Court  
today for selling compound land for pure  
land.

**Only \$1.25 to Baltimore and Return**

ered by Annie Sayville and sent to the
